

INDIVIDUAL CONSTRUCTION VOLUNTEER

Wednesdays, Thursdays, and Saturdays

7:30am-3:30pm

Volunteers must be at least 16 years old and have a signed waiver from a guardian if a minor

Individual Construction Volunteers build homes shoulder-to-shoulder with the future homeowner, Atlanta Habitat for Humanity Staff (House Leaders), Volunteer Skilled Supervisors (VSS), house sponsors, and other volunteers throughout the City of Atlanta and South Fulton County. Never built a home before? Not to worry, by following our safety guidelines and House Leaders' directions, we will make sure you have a safe, productive, and meaningful experience.

ROLE

- This is a "REAL" construction site, so be prepared to work hard and get dirty.
- Complete construction duties assigned to you that day. Duties may include but are not limited to: building walls, laying floor decking, insulating walls, installing siding, interior and exterior painting, or installing soffit.
- Follow Atlanta Habitat safety guidelines and House Leader instructions.
- Arrive at the build site by 7:30am and stay until 3:30pm. Builds must get to the expected progress stage by the end of the day and we need your help until the very end to make that happen.
- Day 1 of a build runs from 8:30am to 12:30pm. If you are assigned to a Day 1 build, you will be notified via email of the time change 1-2 days before the build date.
- All tools and supplies needed will be provided by Atlanta Habitat.

MEALS

Lunch is provided at every build site, including vegetarian options. We appreciate an [optional lunch fund donation](#) to offset the cost of providing meals and snacks.

GET STARTED

- 1) Attend Atlanta Habitat's [General Volunteer Orientation](#) to gain access to opportunities.
- 2) Register for a build event online. We begin accepting volunteers three weeks in advance of a build date. If all volunteer slots are full, add your name to the waitlist. You'll be notified if space opens up.
- 3) Look for an email with your build details and build site location 1-2 days before your build date, then attend the build! Be on time, check in, follow directions, be safe, and have a blast. You showing up and giving it your all is you changing at least one life.
- 4) Loved it? Great! Register for your next build event through VolunteerHub! We hope you become a face we see again and again.
